AIIC Belgium 2017 job fair attracts a crowd

Conference interpreters of all stripes met with institutional and private market recruiters active in Belgium.

The Belgium region of AIIC hosted its annual job fair and open forum for conference interpreters this past May (2017). All had a chance to learn about what AIIC has to offer, and a lot more about the current situation in the European Commission, European Parliament, World Customs Organisation and Copa/Cogeca (European farmers and agri-cooperatives). They were also introduced to local consultant interpreters and heard about their role on the private market.
